

**NORTH CAROLINA AGRICULTURAL AND TECHNICAL STATE UNIVERSITY
AGGIE ACADEMY**

STAFF-STUDENT RELATIONS POLICY

I. Introduction

North Carolina Agricultural and Technical State University's Aggie Academy expects all employees to maintain the highest professional, moral, and ethical standards in their interactions with students. Employees are required to provide an atmosphere conducive to learning through consistently and fairly applied discipline and established and maintained professional boundaries. Employees are expected to motivate students to perform to their capacity while modeling the behavior expected of students in staff-student relationships.

The interactions and relationships between staff and students must be based upon cooperation, mutual respect, and an understanding of the appropriate boundaries between adults and students inside and outside of the educational setting. Employees must demonstrate good judgment and avoid the appearance of impropriety in their interactions with students. Employees must consult their supervisor any time they suspect or are unsure whether conduct is inappropriate or otherwise constitutes a violation of this or another policy.

For the purposes of this policy, the terms "staff" and "employees" include independent contractors and school safety officers, but do not include student employees.

II. Policy Scope

This policy shall apply to all faculty, staff, students, and applicants of Aggie Academy.

III. Romantic Relationships and Sexual Contact Prohibited

- A. All employees are prohibited from dating, courting, or entering into a romantic relationship or having sexual contact with any student enrolled in Aggie Academy, regardless of the student's age.
- B. Employees engaging in inappropriate conduct at any time or in any place whether during the school day or outside of school hours, on or off-campus, will be subject to disciplinary action, up to and including dismissal, and may be subject to criminal action as provided in N.C. Gen. Stat. §§ 14-202.4 and 14-27.32.
- C. Aggie Academy or University personnel shall not assist an employee in finding another job, beyond the routine transmittal of personnel or administrative files, if the employee engaged in sexual misconduct with a minor or a student in violation of the law.

IV. Restrictions on Electronic Communications

- A. Employees are prohibited from communicating with current students through non-University controlled social media without parental permission except to the extent that the employee and student have an appropriate relationship that originated outside of the school setting.
- B. Instant messages, text messages, and similar technology will be treated as a form of communication through social media, regardless of whether the messaging service is actually provided through a social media service or otherwise.
- C. Employees are prohibited from engaging in other forms of one-to-one electronic communications (e.g., voice, voice mail, email, texting, and photo or video transmission) with students without written prior approval of the employee's supervisor and the student's parent. This rule shall not apply, however, if one or more of the following circumstances exist:
 - (1) the communication is for an educational purpose;
 - (2) the communication is conducted through a school system-provided platform which archives all such communications for a period of at least three years (this requirement does not apply to telephone or voice mail communications), or is conducted via an electronic video-conferencing platform (e.g., Zoom, Webex, Google Meet) that has been approved by the University for instructional use; and
 - (3) the communication occurs after the employee has given prior notice to the employee's supervisor or designee that such communications will occur and when they will occur;
 - (4) the communication serves an educational purpose and is simultaneously copied or transmitted to the employee's supervisor or designee and, upon request, to the parent or guardian;
 - (5) the communication is necessary in a bona fide emergency, provided the communication is disclosed to the supervisor and parent or guardian as soon as reasonably possible; or
 - (6) the communication derives from a relationship or association outside of the school setting and occurs with the consent of the parent or guardian, provided the communication does not otherwise violate this or other University policy. Any one-to-one electronic communication permitted by this subsection must meet the professional standards established in this policy and must otherwise be consistent with law and all other University policies.
- D. Employees must notify their supervisor of any unsolicited one-to-one communication, in any form, electronic or otherwise, received from a student when the communication lacks a clear educational purpose. School counselors are excluded from this requirement only to the extent that it conflicts with their professional duties.
- E. Violations of this section will be considered unprofessional behavior subject to discipline, up to and including dismissal. Factors that may be relevant to the determination of an appropriate disciplinary response to unauthorized communications with students include, but are not limited to:
 - (1) the content, frequency, subject, and timing of the communication(s);

- (2) whether the communication(s) was appropriate to the student's age and maturity level;
- (3) whether the communication(s) could reasonably be viewed as a solicitation of sexual contact or the courting of a romantic relationship, including sexual grooming;
- (4) whether there was an attempt to conceal the communication(s) from the employee's supervisor and/or the student's parent or guardian;
- (5) whether the communication(s) created a disruption of the educational environment; and
- (6) whether the communication(s) harmed the student in any manner.

V. Reporting Inappropriate Conduct

A. Reporting by Employees

1. Any employee who reasonably believes any of the following shall immediately report that information to the employee's own supervisor, student's Principal, Title IX Coordinator, or designee:
 - (a) that another employee is involved in a romantic or other inappropriate relationship or has had sexual contact with a student;
 - (b) that another employee has engaged in other behavior prohibited by this policy; or
 - (c) that the employee has witnessed behavior by another employee that has the appearance of impropriety, whether or not the behavior may have a valid purpose.
2. An employee who ignores, falsifies evidence, or fails to report the information as provided in this section may be subject to disciplinary action, up to and including dismissal.

B. Reporting by Students

Students who believe that they or another student has been subject to misconduct that violates this policy should immediately report the situation to the principal, school counselor, or the Title IX Coordinator.

C. Report of Criminal Misconduct

Any principal who has reason to believe that a student has been the victim of criminal conduct shall immediately report the incident to local law enforcement and their immediate supervisor, where appropriate.

D. Report to State Superintendent of Public Instruction

1. Any administrator who knows or has reason to believe that a licensed employee has engaged in conduct that would justify automatic revocation of the employee's

license pursuant to N.C. Gen. Stat. § 115C-270.35(b), or involves physical or sexual abuse of a child, shall report that information to the State Superintendent of Public Instruction within five working days of any disciplinary action, dismissal, or resignation based on the conduct.

2. For purposes of this subsection, physical abuse is the infliction of physical injury other than by accidental means or in self-defense, and sexual abuse is the commission of any sexual act upon a student or causing a student to commit a sexual act, regardless of consent and the age of the student.
3. Failure to report such conduct may result in the suspension or revocation of an administrator's license by the State Board of Education.
4. This reporting requirement applies in addition to any duty to report suspected child abuse in accordance with state law.
