

COLLEGE OF AGRICULTURE AND ENVIRONMENTAL SCIENCES

University Farm

OUR WORKING FARM ADVANCES THE LAND-GRANT MISSION of teaching, research and outreach. Fulfilling that mission is crucial for North Carolina, where agriculture is worth \$91.8 billion a year and employs more than 17 percent of the workforce.

492
ACRES
of outdoor laboratory space for the CAES

14
ACRES
certified organic

The farm has added a
17,000
SQUARE-FOOT
PAVILION
and
STUDENT AND
COMMUNITY
GARDENS

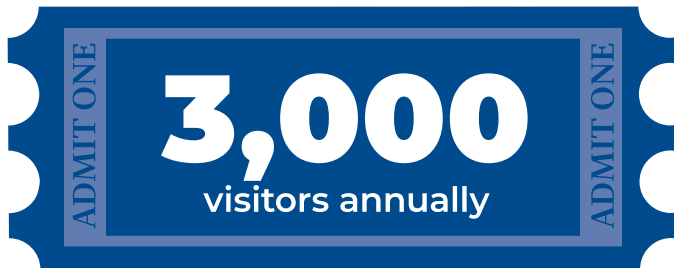

and is developing a

15,000
SQUARE-FOOT
URBAN FOOD
COMPLEX

175
YEARS
of experience
from **14** full-time
employees

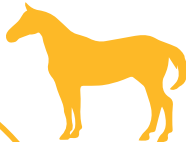

25
research projects

3,000
visitors annually

Data from years prior to the COVID-19 pandemic

9
UNITS
swine, poultry, dairy, beef,
sheep/goat, equine, field
crops, horticulture and
environmental
studies
