

COMMENCEMENT

Undergraduate Ceremony

SATURDAY, MAY 11, 2024 | 2 P.M.

May 11, 2024

Dear Class of 2024:

On behalf of the North Carolina Agricultural and Technical State University Board of Trustees, faculty, staff and students, congratulations on your graduation from our beloved university. Your degree represents an important milestone in your life: the transition from college student to North Carolina A&T alumni.

In one of my last acts as chancellor — and forever a proud alumnus — it is my distinct pleasure to commemorate this occasion with you. Having faced and surmounted many challenges during the course of your college years, you can choose from among myriad opportunities as you start the next phase of your life. Never forget the rich history and traditions of our alma mater and the support of the faculty, family and friends who have been a source of inspiration and support during this chapter of your personal journey.

This accomplishment should fill you with both immense pride and a profound sense of responsibility. The rest of your life begins today. With that, your next challenge is to seize the opportunities that lie ahead and commit to making an impact on the world. Today, you join a powerful global community of Aggies who share a clear vision to Lead, Create, Discover, Inspire, Dream and Love ... because that's what AGGIES DO!

We are not concentrating on endings today, but on bold new beginnings. Graduates, as you proceed with your endeavors, from starting a career to furthering your education on the path to creating a successful life, know that you are well prepared. Remember that greatness should not be measured by your personal success alone, but by the lives you enrich along the way as well.

As Aggies, we are always doing, never done.

Sincerely,

A handwritten signature in black ink, appearing to read "Harold L. Martin, Sr.".

THE BEGINNINGS OF THE BACHELOR'S DEGREE AT NORTH CAROLINA AGRICULTURAL AND TECHNICAL STATE UNIVERSITY

By James R. Stewart Jr., Archives and Special Collections Librarian. Rev. April 26, 2024

Commencement ceremonies predate the awarding of the bachelor's degree at what was once called the "Agricultural and Mechanical College for the Colored Race". The earliest confirmed commencement program took place during the week of May 22-27, 1897. The performance of First Lady Susie B. Dudley's play "How Shall I Go Up To My Father?" at the 1898 commencement is considered the birth of theatrical arts at North Carolina A&T. Before bachelor's degrees were awarded, the earliest agricultural students at the college completed a research thesis for a "diploma of graduation".

James B. Dudley had just completed his first year as our 2nd President when the Board of Trustees gave authorization to the faculty to create curriculum for the bachelor's degree of science on May 28, 1897. The original courses offered for the bachelor's degree were "Agricultural" for a B.Agr., and "Mechanical" or the "Women's" courses for the B.S. (Bachelor of Science). Female students were not approved for enrollment in the Agricultural course.

Out of nearly 100 students enrolled beginning in Fall 1896, seven were eligible for graduation in 1899. Known collectively today as the "Superior Seven", they were William "Willie" Thomas Cain Cheek, Isaac Summerville Cunningham, Austin Wingate Curtis Sr., Epps Luther Falkener, James Matthew Joyner, Peter Edward Robinson, and Adam Watson. Their class motto was "No Steps Backwards".

The first bachelor's degree commencement exercises concluded on the night of May 25, 1899 with choruses, vocal solos, orations, presentations of diplomas, prizes, and the hour and a half literary address by Col. Julian S. Carr. Closing remarks were given by President James B. Dudley. Notable commencement speakers to come were Mary Church Terrell, Dr. Carter G. Woodson, Dr. Ralph Bunche, alumnus Rev. Jesse Jackson '64 & Judge Elreta Alexander-Melton '37, and First Lady Michelle Obama.

The Women's course along with the Domestic Science department were discontinued in 1901, but that did not stop Frances (Grimes) Bryant from earning her B.S. degree in 1901 followed by Hannah Bullock and Florence Garrett in 1902. Women were readmitted to the bachelor's degree study programs in 1928.

Today in May 2024, we celebrate as North Carolina Agricultural and Technical State University awards nearly 1,500 bachelor's degrees, also several masters and doctoral degrees, and the 125th anniversary of our first class.

RESPONSE

LIFT EVERY VOICE AND SING

Lift ev'ry voice and sing,
Till earth and Heaven ring,
Ring with the harmonies of Liberty;
Let our rejoicing rise
High as the list'ning skies,
Let it resound loud as the rolling sea.
Sing a song full of the faith that the dark past
 has taught us;
Sing a song full of the hope that the present
 has brought us;
Facing the rising sun of our new day begun,
Let us march on till victory is won.

Stony the road we trod,
Bitter the chast'ning rod,
Felt in the days when hope unborn had died;
Yet with a steady beat,
Have not our weary feet
Come to the place for which our fathers sighed?
We have come over a way that with tears has
 been watered;
We have come, treading our path thro' the blood
 of the slaughtered,
Out from the gloomy past,
Till now we stand at last
Where the white gleam of our bright star is cast.

God of our weary years, God of our silent tears,
Thou who has brought us thus far on the way;
Thou who has by Thy might led us into the light,
Keep us forever in the path, we pray.
Lest our feet stray from the places, our God,
 where we met Thee;
Lest our hearts drunk with the wine of the world,
 we forget Thee;
Shadowed beneath Thy hand,
May we forever stand,
True to our God,
True to our native land.

ALMA MATER

ALMA MATER

Dear A. and T., dear A. and T., a monument indeed,
Around thy base with grateful hearts behold thy students kneel.
We bless the power that gave thee birth to help us in our need,
We'll ever strive while here on earth all loyalty to yield.

REFRAIN

With joy, with joy, dear A. and T., thy students turn from thee
To spread thy trophies year by year from Dare to Cherokee.

Dear A. and T., dear A. and T., the signet thou shalt be,
Set by our great old commonwealth, proud boaster of the free;
She'd have the record of her worth on granite not inscribed—
Nay, let the children of her birth proclaim it by their lives.

Dear A. and T., dear A. and T., henceforth our aim shall be,
By precepts wise and deeds more sure to bless the State
 through thee;
The arts of industry to wield against an idle foe.
A harvest rich from ripened fields of what thy students sow.

SPEAKER

TAMRON HALL,

Emmy Award-winning TV Host, Journalist and Author

Two-time Emmy®-winning journalist, author, producer, trailblazing media personality and empowering advocate Tamron Hall stands at the forefront of transformational conversations that drive change. Her life story is a testament to the indomitable human spirit: From humble beginnings to becoming a distinguished figure in broadcast journalism, she has shattered barriers and embraced challenges head-on. Her journey from local news stations to the anchor desk of national networks has inspired millions, and her tenacity is a beacon of hope for aspiring dreamers and leaders alike.

Hall's journalistic excellence has earned her numerous accolades, including two Daytime Emmy Awards for Outstanding Informative Talk Show Host, two

Gracie Awards from the Alliance for Women in Media Foundation (2020 and 2022), inclusion on the Variety500 list (2022), and nominations for 13 Daytime Emmy Awards, 4 NAACP Image Awards, a GLAAD Media Awards and an Iris Award. In 2014, she made history as the first African American female co-host of NBC's "TODAY."

As the executive producer and host of the nationally syndicated "The Tamron Hall Show," Hall takes on the most captivating and thought-provoking issues facing the world every day, spanning from social justice and equality to mental health and personal growth. She navigates sensitive discussions, fostering a safe space for open dialogue that stimulates minds and bridges gaps.

Hall's commitment to positive change is reflected in her dedication to charitable causes. After experiencing a personal loss to domestic violence, Hall has become an impactful advocate and supporter of Safe Horizon—a national organization that offers a variety of programs to support survivors of abuse. She is also passionate about raising awareness of the challenges faced by young people dealing with mental health problems and the importance of seeking help and support. An ardent philanthropist, Hall uses her platform to amplify voices and raise awareness about issues close to her heart, leaving an enduring impact on communities across the globe. In March 2023 (Women's

Herstory Month), she received a proclamation from the New York City Council for Outstanding Service and Achievements.

Her debut novel, "As the Wicked Watch," was published Oct. 26, 2021, becoming an instant Editor's Pick on Amazon. This is the first book in her critically-acclaimed "Jordan Manning" mystery series. She also hosts Court TV's original true-crime series "Someone They Knew With Tamron Hall." Hall's captivating storytelling—combined with her fresh, relatable voice—imparts life lessons learned from her own experiences, encouraging listeners to embrace resilience, seize opportunities, challenge the status quo, and above all, always "Bet on yourself."

The Luling, Texas, native holds a B.A. in Broadcast Journalism from Temple University, where she serves on the board of trustees. She resides in New York with her husband and son.

HISTORY

NORTH CAROLINA AGRICULTURAL AND TECHNICAL STATE UNIVERSITY

Established in 1891, under the Second Morrill Act of 1890, North Carolina Agricultural and Technical State University is a land-grant, doctoral higher research activity, historically black institution. The Second Morrill Act expanded the nation's system of land-grant universities to include a historically black institution in those states where segregation denied minorities access to the land-grant institutions established by the First Morrill Act (1862).

Over the past 126 years, N.C. A&T has maintained a rich tradition in academics, research, discovery and outreach, to become one of the nation's most highly respected institutions of higher education. The university aims to develop and preserve intellectual capital through interdisciplinary learning, discovery and engagement, and is committed to fulfilling its fundamental purposes through exemplary undergraduate and graduate instruction, scholarly and creative research, and effective public service and engagement. The current vision is to be recognized as a preeminent land-grant university and the institution of choice for high-achieving students.

With an enrollment of 11,177 students, A&T is the largest historically black college or university (HBCU) in the nation. A&T awards baccalaureate, master's and doctoral degrees through the College of Agriculture and Environmental Sciences; College of Arts, Humanities and Social Sciences; College of Business and Economics; College of Education; College of Engineering; College of Health and Human Sciences; College of Science and Technology; The Graduate College; and the Joint School of Nanoscience and Nanoengineering.

A&T has adapted its curriculum and teaching methodologies to ensure that students in STEM (science, technology, engineering and mathematics) and other disciplines receive an education that allows them to be competitive in a changing world. Students across the disciplines are afforded opportunities to work and study with renowned scholars, researchers and other professionals who serve on the faculty and are held in high esteem across the nation and abroad. A&T is among the top producers of African-American engineers, agriculture graduates and certified public accountants in the nation, and is one of the top

producers of African Americans with baccalaureate degrees in journalism/mass communication and psychology.

A&T has advanced in the area of research and, for more than a decade, has consistently ranked third in research funding among the 17 institutions that comprise the UNC system. The strength and potential of the research enterprise at A&T is demonstrated by the university's ability to sustain major programs in nanotechnology, biotechnology, computational science and engineering, energy and environment, information sciences and technology, leadership and community development, logistics and transportation systems, and public health. Notably, the university is home to the prestigious National Science Foundation Engineering Research Center for Revolutionizing Biometallic Materials, which specializes in biomedical engineering and nano-bio applications research

Upon graduating, students join the university's 55,000-plus alumni of record who hold (or have held) positions of leadership in industries and communities around the world. Some of A&T's nationally acclaimed alumni include Henry E. Frye '53, former N.C. Supreme Court Chief Justice; Edolphus Towns Jr. '56, retired U.S. Congressman; Clara Adams-Ender '61, author and retired Army brigadier general; Alvin A. "Al" Attles Jr. '60, former NBA player, coach and general manager; Elvin Bethea '68, NFL Hall of Famer; Ezell Blair Jr./Jibreel Khazan '63, the late Franklin E. McCain Sr. '63, Joseph A. McNeil '63 and the late David Richmond '10 (degree awarded posthumously), members of the Greensboro Four/A&T Four; Joe L. Dudley Sr. '62, Dudley Products founder; Rev. Jesse L. Jackson Sr. '63, civil rights activist and former presidential candidate; Alma S. Adams '68, U.S. Congresswoman; and the late Dr. Ronald E. McNair '71, NASA astronaut.

Twelve presidents/chancellors have served the institution since its founding: Dr. John O. Crosby (1892–1896), Dr. James B. Dudley (1896–1925), Dr. Ferdinand D. Bluford (1925–1955), Dr. Warmoth T. Gibbs (1956–1960), Dr. Samuel DeWitt Proctor (1960–1964), Dr. Lewis C. Dowdy (1964–1980), Dr. Cleon Thompson Jr. (interim, 1980–1981), Dr. Edward B. Fort (1981–1999), Dr. James C. Renick (1999–2006), Dr. Lloyd V. Hackley (interim, 2006–2007), Dr. Stanley Battle (2007–2009) and Dr. Harold L. Martin Sr. (2009–present).

COSTUME

THE ACADEMIC COSTUME

The academic costume worn today derived from practices originating in the Middle Ages. When European universities were taking form in the 12th and 13th centuries, the scholars were usually clerics as well, and consequently they adopted costumes similar to those of their monastic orders. Cold halls and drafty buildings made caps and floor length gowns with attached hoods a necessity for warmth. Probably because of the costumes' religious heritage, they remained largely drab until the universities gradually began to pass from the control of the church, whereupon some aspects of the costumes took on brighter hues. Old prints reveal a strong similarity between the regalia worn in early universities and the academic costume worn today.

In light of the nation's strong English heritage, academic costume has been in use in the United States since colonial times. To establish a standard of uniformity with regard to the practice, an intercollegiate commission was formed which prepared a code for caps, gowns, and hoods which has been adopted by all universities. Originally round, the shape of the cap is now the more familiar mortarboard square—a shape that resembles a scholar's book. Legend has it that the privilege of wearing a cap was the initial right of a freed Roman slave. The flowing gown has become symbolic of the democracy of scholarship for it covers any dress, which might indicate rank or social strata. The hood not only indicates the type of degree, but also is lined with the official colors of the university from which the degree was obtained.

THE GOWN

BACHELOR – Blue, full cut with long pointed sleeves.

MASTER – Black, long or short sleeves with arc-shaped panel extended for each sleeve.

DOCTOR – Black, with velvet panels on front of gown and three velvet bars on each sleeve. Color of the velvet may be black or distinctive of the field of study.

THE HOOD

BACHELOR – Three feet in length with a two-inch wide velvet.

MASTER – Three and one-half feet in length with a three-inch wide velvet.

DOCTOR – Four feet in length with a five-inch wide velvet and panel at the sides. The lining of the hoods, which is folded out, bears the official colors of the institution from which the degree was received. The color of the velvet is PhD Blue.

Candidates for doctoral degrees at North Carolina Agricultural and Technical State University wear gowns fastened at the neck and hoods draped down the back and the black mortarboard with a gold tassel.

MACE

The mace, a ceremonial insignia, dates back to ancient Rome to honor heroes and nobility. Maces were later used in the courts of England, during the reign of James I of England as symbols of authority. Today, maces are associated with academic and governmental processions. In academic use, it is the symbol of the college/university as a body of scholars within its own legally constituted authority. The chief faculty marshal carries the mace during all formal academic processions.

A gift from the graduating class of 1961, the mace of North Carolina Agricultural and Technical State University was presented October 24, 1991, during the centennial year celebration. The university's 42-inch long mace reveals a two-faced sterling silver crowning head or boss with the seals of North Carolina Agricultural and Technical State University and the University of North Carolina on either side. Both university seals rest on a sterling silver etched State of North Carolina seal.

Alternating ebony and ivory solid wood rings that symbolize the university's African American heritage are located on the mahogany wood shaft. The history and mission of the college/university throughout its 100 plus years of existence are etched on the wooden shaft of the mace between the rings. They represent service to African Americans, the missions of the university's schools and colleges; scholars; the Greensboro Four sit-in; the Aggie mascot, and sports. The base or terminus (end piece) is a silver-plated cup engraved with a figure of a runner which symbolizes the athletic legacy and forward moving strides of the university.

North Carolina Agricultural and Technical State University's mace is a result of planning, research and fund raising by the class of 1961. The special designs of the mace represent the joint efforts of the Mace Committee who contacted Emblem & Badge Inc., in Providence, Rhode Island, to craft the mace. Dr. Vallie Guthrie, chair; Dr. Dorothy Alston; Dr. Sullivan Welborne; Dr. William C. Parker; Dr. Basil Coley; Dorothy J. Richmond; Lewis Brandon III; Earnest Sherrod, and members of the class of 1961; and the Class Coordinating Committee were instrumental in the procurement and final version of the mace, which was presented during the October 24, 1991, Founder's Day Convocation. The mace was carried by the Chief Faculty Marshal (chair or president of the Faculty Senate) at the May 5, 1991, commencement and is utilized at all formal ceremonial occasions for the university.
